Geographical Research and Cross-Border Cooperation within the Lower Basin of the Danube

Srebrno jezero (Veliko Gradište) – Serbia, 18-21th September 2014

Dear Colleagues,

On behalf of the organizing committee, we are pleased to invite you to “The third Romanian-Bulgarian-Hungarian-Serbian Conference” referring to the Danube lower basin, which will be held in Srebrno jezero (Veliko Gradište), Serbia. The meeting is hosted by the Faculty of Geography (University of Belgrade) and Faculty of Sciences, Department of Geography, Tourism and Hotel Management (University of Novi Sad).

The roots of this conference go back to the year 2000, when regional conference “Geographical environment and cross-border cooperation within the Danube lower basin”, was organized by University of Craiova, Romania, gathering geographers and other researchers from European countries that shared their experiences, knowledge and research results about all aspects of geography.

In 2010, Geography Departments of Universities from Craiova and Timisoara organized the first conference and in 2012, the Department of Economic and Social Geography from University of Szeged organized second conference.

*In 2014, the Faculty of Geography (University of Belgrade) and Faculty of Sciences, Department of Geography, Tourism and Hotel Management (University of Novi Sad) are entitled with the honourable opportunity to organize **the third Romanian – Bulgarian – Hungarian – Serbian conference**, in Srebrno jezero (Veliko Gradište, Serbia).*

The main goals are, to bring together geographers and institutions from the countries within the Danube lower basin and establish a working group to promote sustainable measures for the cross border cooperation and national phenomena.

We hope that you will be able to accept our invitation, and join us for what promises to be a interesting and fruitful meeting.

We are looking forward to welcome you and your colleagues in Srebrno jezero (Veliko Gradište, Serbia).

On behalf of the International Scientific Advisory Committee,
Ph.D. Slavoljub Dragičević, Associate Professor

AIMS

This interdisciplinary and cross-cultural meeting welcomes presentations on the geographic research and cross border cooperation within the Danube lower basin.

The event targets a broad spectrum of participants, recognizing the multidisciplinary of research in geography and other related disciplines.

The conference aims to:

- *present the status of scientific approaches within the Danube lower basin*
- *bring together scientists, academics, practitioners with a view to strengthening and promoting the cross-border cooperation*
- *discuss the role of geographical research in cross-border issues*
- *establish a working group that should meet every year to address this issues.*

Deadline for Microsoft PowerPoint presentation submission: 1st September 2014

Microsoft PowerPoint presentation sends to e-mail:danube2014@gmail.com

POSTER SESSION

Each presenter will be provided with a poster panel.

Poster Development Tips:

- Dimension of the poster is A1 format.
- The presentation should cover the same material as the submitted abstract.
- Place the title of your paper prominently at the top of the poster.
- Place 10x10cm text box with authors name, institution and contact informations in lower right corner of the poster.
- Highlight your title and subheadings with colours or coloured lines.
- Don't crowd too much information on the poster; concentrate on 2 or 3 main points.
- Minimize complete sentences and paragraphs.
- Prepare all diagrams or charts neatly and legibly in a size sufficient to be read at a distance of 2 meters. Use squares, rectangles, circles, etc. to group like ideas.
- A serif font (e.g. Times) is often easier for reading main text, and a non-serif font (Arial, Helvetica) is suggested for headers and figure labels.
